

# OUR PRODUCTION FACILITY

## DURGAPUR

Karthik Alloys Limited was incorporated in 1992. The facility has been operational for over 32 years. We take pride in being one of the most trusted names in the manufacturing of premium ferro alloys in India. Located in the industrial hub of Durgapur, West Bengal, our state-of-the-art production unit is equipped with advanced technology and the latest manufacturing techniques to produce ferro alloys of the highest standards. Our commitment to excellence, precision, and customer satisfaction has made us a preferred choice for industries worldwide. Since its inception, our products have reached markets in every country worldwide, solidifying our position as a leading producer of Ferro alloys. Advanced Blast Furnace technology empowers us to produce a wide range of grades for FeMn (Ferro Manganese) and SiMn (Silico Manganese).
